## SMST Entrepreneurial Workshop (co-hosted with AeroMat and AeroTech)

Students will be able to engage in many meaningful ways:

- Network with entrepreneurs, suppliers, and investors
- Hear from successful SMA entrepreneurs
- Learn about cutting-edge technologies and processes
- Gain connections to call upon when troubleshooting and planning new products

## Pitch your idea at the first ever competitive SMST SMarT Tank!

A 5 minute pitch will be made publicly with designated panel members providing feedback. The winner, who will be selected immediately following the session, will receive bragging rights, awards, and invited access to investors in the field.

**Deadline: February 27, 2023**
